By application accepted for filing June 23, 2006, Atlantic Services Group, Inc., trading as Atlantic Services Group, seeks a certificate of authority for irregular route operations between points in the Metropolitan District.

On January 22, 2001, the Commission received a 2000 annual report for Carrier No. 271 in the name of Atlantic Services Group, Inc. At that time, Certificate No. 271 was held by held by Atlantic Valet, Inc., a separate corporation. Order No. 6254 also ordered Atlantic Services Group, Inc., not to transport passengers for hire between points in the Metropolitan District, unless and until otherwise ordered by the Commission.

Enclosed with the application is a statement that Atlantic Services Group, Inc., "has not transported passengers for hire between points in the Metropolitan District of Columbia under Certificate of Authority No. 271," since it received Order No. 6254.

Applicant also provided a DCRA certificate of good standing for Atlantic Service Corporation, a Delaware corporation registered to transact business as a foreign corporation in the District of Columbia. Applicant will be directed to file a statement explaining why it enclosed this additional certificate of good standing with the

application and describing the relationship between Atlantic Service Corporation and applicant.

Applicant proposes commencing operations with seven vans, one minibus, and an undisclosed number of other types of buses. Applicant will be directed to file a written statement indicating the number of other buses that applicant plans to begin operations with and the maximum seating capacities of said buses. Applicant proposes operating under a tariff containing rates for transportation under contracts with private entities.

Because applicant proposes using a trade name and applicant's principal place of business is in the District of Columbia, applicant will be directed to file proof of trade name registration with the DCRA.

This proceeding is hereby initiated to determine whether applicant is fit and whether the proposed transportation is consistent with the public interest.

THEREFORE, IT IS ORDERED:
